To,
The Principal / Head of Institution

Subject: Invitation to Nature, Biodiversity & Wildlife Learning Programmes for Your Students

Dear Sir/Madam,

Greetings from **The Keshav Jeev-Van Foundation**.

We regularly organise educational nature, biodiversity and wildlife activities designed to help students learn about the natural environment through **direct observation and engaging experiences beyond the classroom**.

What Our Programmes Can Include

- | | |
|---|---|
| 1 Guided visits to biological parks, zoos and biodiversity parks | 2 Nature and biodiversity walks |
| 3 Introduction to local and native plants, birds, insects and other wildlife | 4 Understanding the ecological importance of species and their role in urban and forest ecosystems |
| 5 Interactive quizzes, games and learning activities | 6 Conversations and awareness sessions with experts and conservation professionals |

The objective is to make environmental learning **practical, interactive and enjoyable**, while encouraging students to develop a better understanding of biodiversity, wildlife and conservation.

We would be happy to discuss a programme suitable for your students and can **customise the activity** according to the age group, academic requirements and interests of your institution.

If your school / college / institution is interested, we would be pleased to arrange a meeting with the concerned faculty or administration to discuss the programme, possible locations, activities and other details.

Please feel free to contact us at your convenience.

Warm regards,

Chirag Panwar

Program Director, The Keshav Jeev-Van Foundation
